Was It A Flying Saucer, Or Not?

Two Belen men today added their two bits to the nation's flying saucer epidemic.

Roy Combs, city cafeman, and Ray Sanderson, assistant bank cashier, said they witnessed for 10 to 15 minutes what appeared to be a saucer-like object south of Belen.

The two men were in the backyard of Sanderson's home at 217 Reinken avenue about 11 o'clock Sunday morning when they heard planes overhead.

"The planes were towing some targets," Combs said, "Suddenly, Ray called my attention to an object far above and beyond the planes. It resembled a silver plate or saucer. The object moved slowly up and away from us until it disappeared. There was no sudden movement on its part, but it was in sight for several minutes after the planes disappeared."

Sanderson confirmed that it was a silver looking object, estimating that it was twice as far away as the planes.

Duncans celebrate 65th wedding anniversary

Jimmy and Dorothy Trotter Duncan, of Los Lunas, celebrated their 65th wedding anniversary on Dec. 24.

Jimmy and Dorothy met while attending Albuquerque High School, where Jimmy graduated in 1949.

Dorothy had moved to Albuquerque from Texas to live with her grandparents and as fate would have it, they never really knew each other but were acquainted through some mutual friends. He was attracted to her, while she was with some friends on an overpass in Albuquerque and their relationship began.

In 1951, Jimmy had been drafted into the Army and was stationed in Fort Ord in California. While home on leave following boot camp, they were married on Dec. 24, 1951. Afterward, Jimmy was stationed in South Korea and returned home in 1953.

Jimmy was ordained as a Christian pastor and with Dorothy by his side, started the Los Lunas Christian Church in 1962, which was originally located in a home on Main Street in Los Lunas. This church eventually relocated to the corner of Taylor and Monte Vista, where Jimmy was the bi-vocational pastor for many years.

After his pastor-ship, the church evolved into Grace Fellowship, which is currently located on N.M. 47 in Los Lunas. They started Mountain View Community Church on Meadow Lake Road. He was the bi-vocational pastor there for many years, and the church became the Good News Baptist, and currently is Mesa View Family Church.

He was called as the interim bi-vocational pastor of the Good News Baptist Church, during which time the name of the church changed to Mesa View Family Church. He pastored there for about 10 years until health issues began creating hardships for Jimmy and Dorothy. Jimmy retired as pastor in August 2015.

Jimmy is a talented musician and volunteers with other musicians at several of the assisted living and nursing facilities in the area. He has always enjoyed singing and playing the guitar, and a little piano. He has used his musical talent in the churches in which he pastored and at many other churches and various events.

Jimmy and Dorothy have lived in and have been very active in the community since 1964. Jimmy was employed in Albuquerque at Western Wrecking for several years and then was employed for a company which was changing management from ACF to General Electric. Jimmy made a decision to start his own business in 1964 which is when the family moved to Valencia County and he started Valencia Auto Salvage. He owned this business for more than 30 years.

During that time, he developed and patented calf bottle holders for calf nurseries and his business Duncan Calf Bottle Holders began, which he still owns and operates after more than 20 years. He currently manufactures and delivers to many dairies all over New Mexico, and several other states.

Dorothy worked at Woolworth's Department Store in downtown Albuquerque, and then in the computer technology field for about 20 years. She was able to participate in the beginning and innovative part of the technology you see today. Some of the first games were Ping Pong on table top electronic machines before some other branded technology.

She then opened D and J Mobile Home park with 10 spaces next to their home. It has since developed into a 56-space mobile home park, which is managed by their daughter and son-in-law, Laura and Steve Murphy. About nine years ago, Dorothy started D and J Self Storage, which is managed by Steve and Laura Murphy.

Jimmy and Dorothy have one daughter, Laura Murphy and her husband, Steve Murphy. They deeply love and are blessed to have three granddaughters, Emily Murphy, Amber Murphy and Stephanie Martinez and her husband, Vicente Martinez, and their daughter, Tommi Martinez.

Jimmy and Dorothy attribute their successes and the many blessings they have to Jesus Christ, and the life they have lived committed to Jesus.

The couple celebrated their anniversary in December with a small get-together with close friends and family at the Senior Living System's conference room.

Middleby Company history

The company was founded by Joseph Middleby and John Marshall in 1888 as a bakery supplier. The company made custom portable ovens for the bakery industry. Middleby sold the company to Marshall in the early 1900s.[4] The company was privately held by descendents of Marshall until it was purchased by a private company in 1976.
